## Notes:

- Print the first three pages of this PDF on letter-size (8.5 x 11 inch) paper in landscape mode.
- You can open the PDF version of this in the free open source LibreOffice program to edit it.
  - You'll probably need the fonts **Cantarell Extra Bold** and *Dobkin Script*, they are free to install.
- The second page is “Lives” in Dobkin Script modified in the free open source Inkscape program to have a red fill of the ‘v’.
- In LibreOffice to make it easier to adjust the text frames, check View > Text Boundaries.
- To adjust kerning of ‘TT’ in LibreOffice, I selected the first ‘T’ and Format > Character > Position > Character spacing to increase ‘TT’ gap.
- Contact me, info@ my web site if you have any questions.
